## 1. PORTAL HOMEPAGE

- Goto the link: <https://data.nsonepal.gov.np/>.
- Users can now access the home page of the portal.

**Image: Home page**

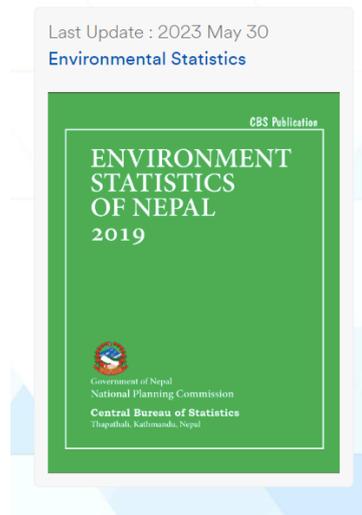

### 1.1 Featured Resources

- The featured resources are displayed in the banner section of the homepage.

**Image: Featured Resources**

- Click the thumbnail image of the resource to navigate to the detail page of the selected resource.

**Image: Featured Resource**

- To transition through the different featured resources, click the next icon “  ”. The user can select the required resources which have been featured in the banner.

## 1.2 Latest Updates

- The “Latest Updates” section is below the banner section of the homepage which consists of the list of most recent published resources.

**Image: Latest Updates**

- Select the title of the resource in the “Latest Update” section. The user will be navigated to the detail page of the resource.

## Latest Update

2023 August 07

### Nepal Multiple Indicators

Nepal Multiple Indicators Cluster  
Survey 2019

**Image: Latest Update resource**

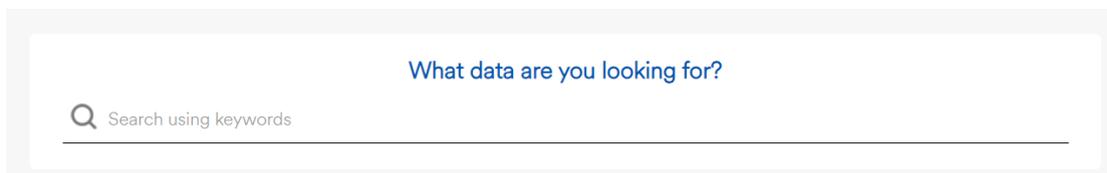

- Select the “View all latest updates” to access the list of all the latest resources that have been published in the portal.

View all latest updates

**Image: View all latest updates button**

## 1.3 Search Resources

- The “Search” section for the home page is placed below the banner section.

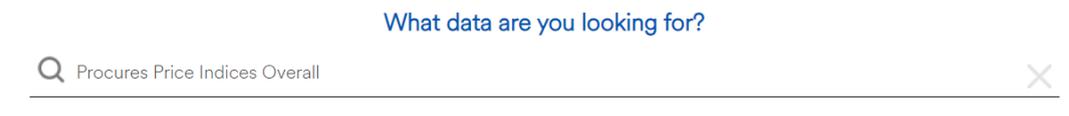

What data are you looking for?

Search using keywords

**Image: Search Resources**

- Enter the keywords associated with the resources to be searched.

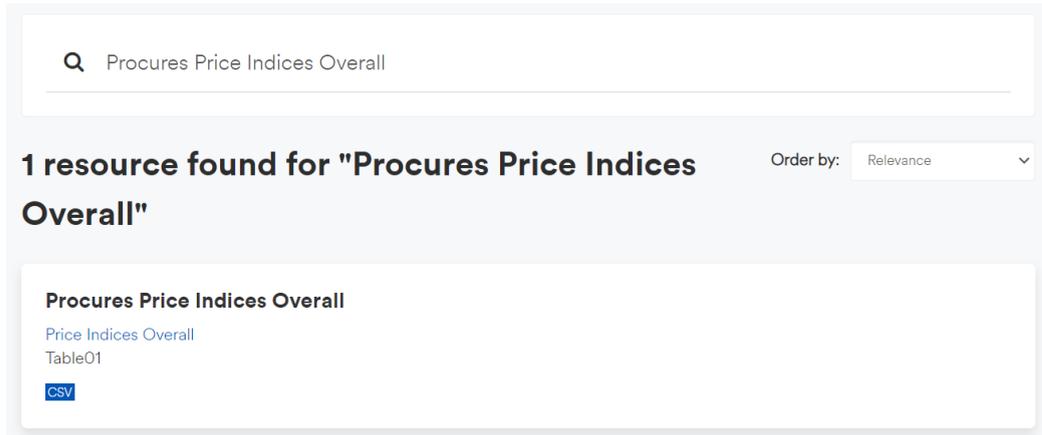

What data are you looking for?

Procures Price Indices Overall

**Image: Search keyword**

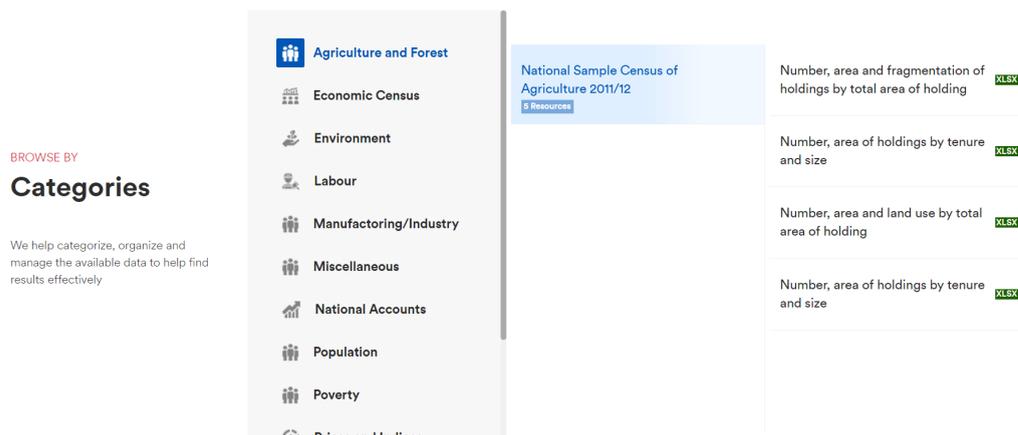

- Select the search icon “” to initiate the search for the entered keyword.
- The resources associated with the keyword will be filtered out.

**Image: Search results**

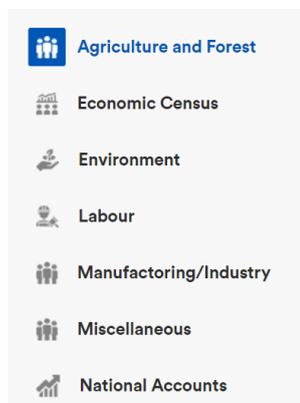

## 1.4 Browse by Categories

- The portal users have the option to browse the resources based on their categories and data sets from the home page.

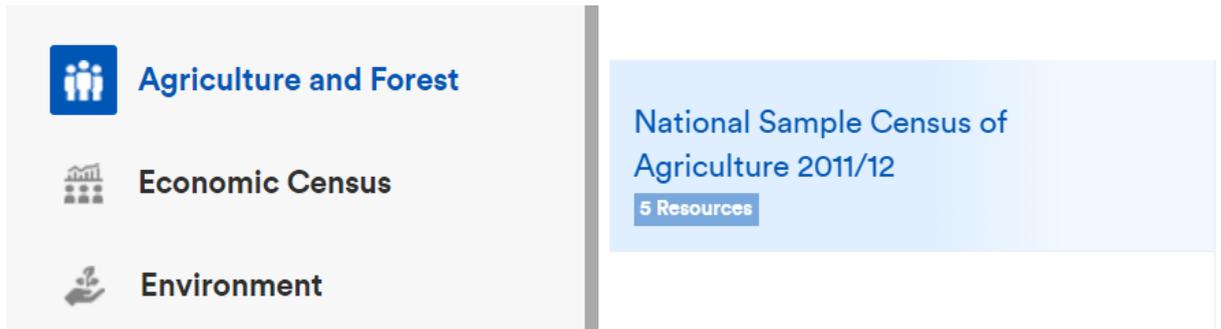

**Image: Browse by Categories**

- The categories are listed on the left part of the browse section.

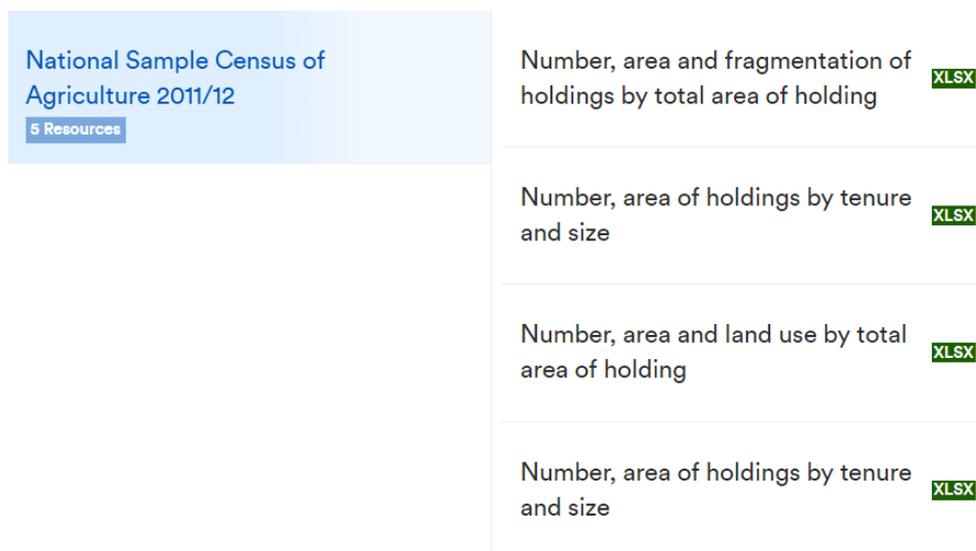

**Image: Dataset categories**

- Select the required category. The datasets of the selected category will be accessed.

**Image: Category selection**

- The number of resources in each dataset will be mentioned.
- Select the preferred dataset to access the resources.

**Image: Dataset and its resources**

- Select the required resource belonging to the dataset.

Number, area and fragmentation of holdings by total area of holding **XLSX**

**Image: Resource Title**

- The user will be navigated to the detail page of the selected resource.

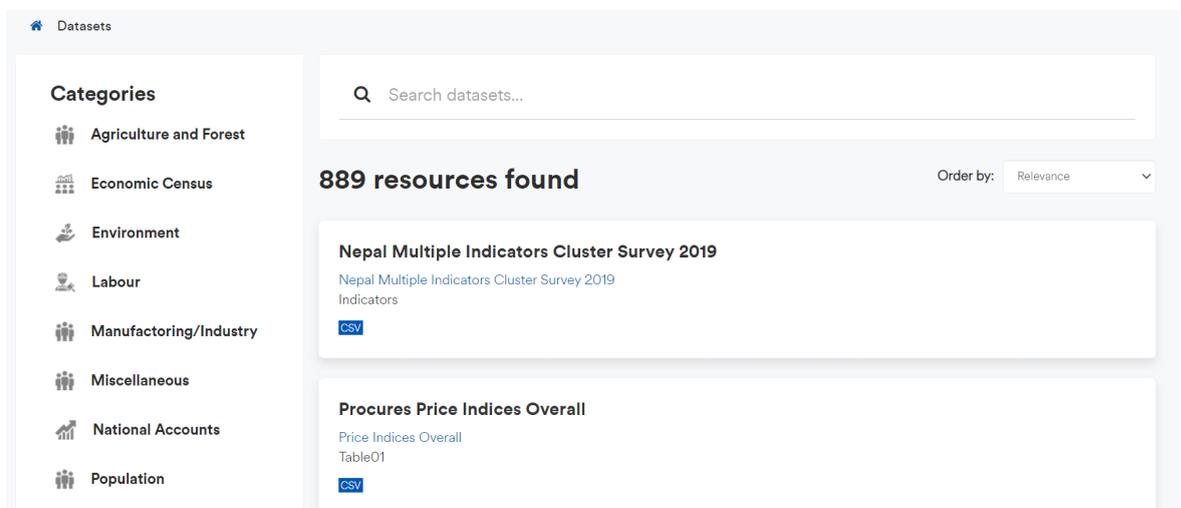

## 2. DATASHEETS AND RESOURCES

- Select “Data” from the menu to access the list of resources associated with their respective categories.

DATA

**Image: Data menu item**

- The user will access the list of resources belonging to the different datasets and categories.

**Image: List of resources**

- Select the preferred category to filter out the resources belonging to that specific category from the “Categories” list.

**Image: List of categories**

- Select the resource from the list to access the details of that particular resource.

**Datasets Available** Order by: Relevance ▾

National Sample Census Of Agriculture 2011/12

### 4 resources found

**Number, Area And Land Use By Total Area Of Holding**  
National Sample Census of Agriculture 2011/12
